HEAD COACH

Justin Pollock: He has guided the team to its best success in school history, and has a wealth of experience at the college and high school level. He has a way of finding a place for any player who desires to play in college.

PROGRAM HIGHLIGHTS

This program has been on a rapid rise since Justin Pollock took over in 2021. That first year, the team set a new single-season wins record of 13 and made their first-ever playoff run. That was followed with back-to-back 12-win seasons including another playoff appearance and a #10 state ranking. In 2024, TFS had its best season of all-time, winning 27 games and making the State Championship series.

The result included a #2 state ranking and a record-setting pitching staff and lineup. The baseball team has had several All-State players and 13 have gone to play at the college level. The program includes a JV team and a middle school team.
