

TFS SOFTBALL

QUICK FACTS

ACCOMPLISHMENTS

The TFS softball program re-launched in 2022 after not existing for decades. The team did win a Region Championship in the 1970s, but entered their first year as a varsity team in 2024.

//

NEXT-LEVEL PLAYERS

TFS prepares student-athletes to be ready to compete at the college level.

//

FACILITIES

The TFS softball program plays home games on its field in the Higgins Baseball Complex on campus.

//

HEAD COACH

Jenny Long: She has several years of head coaching experience at the softball level, and was tasked with leading the program into its first season of varsity-level play.

PROGRAM HIGHLIGHTS

Despite just re-launching into a program again in 2022, there is past history as well. In the 1970s, the Lady Indians won a Region Championship. Fast forward to current times, and TFS decided a couple of years ago to assemble a group interested in playing softball. That 2022 season was more instructional, and ended with a single scrimmage. The following season in 2023 was solid.

The Lady Indians competed in a full JV schedule, and went 7-8 while going 4-0 at home. A great core of that team returned in 2024 as Tallulah Falls made the massive leap into a full varsity program. The program consists of a varsity, JV, and middle school team.
