PROGRAM HIGHLIGHTS

Tallulah Falls' most consistent program over the past decade has been the volleyball team.

The Lady Indians won a GHSA 1A State Championship in 2022 after claiming their first Area Championship that season. The 35-win season is one of 3 30-win seasons in school history. The program has two Area Championships ('22 & '23), and a streak of 9 straight playoff appearances.

The program prepares athletes for the next level, as 8 players have played college beach and/or indoor volleyball under coach Matt Heyl, who is a former professional international volleyball player. The expectations are high for the volleyball program, which features middle school, JV, and varsity teams.
